LOS ANGELES COUNTY SHERIFF'S DEPARTMENT ANNOUNCES ADDITIONAL REPOPULATION FOR AREAS IMPACTED BY THE #WOOLSEYFIRE, EFFECTIVE 4:00 P.M., WEDNESDAY, NOVEMBER 14, 2018

LOS ANGELES (Nov. 14, 2018) – The following areas inside the unincorporated area of Agoura will be opened to residents only, beginning at 4:00 P.M. on Wednesday afternoon, November 14, 2018.

This will include the following areas:

- Kanan Road from Cornell Road (north) to Malibu View Court (south)
- Southeast of Kanan Road to include the Saratoga Hills neighborhood
- Cornell Road from Kanan Road, north of Wagon Road

The link below can be used to assist the public in determining if their property is in an area which has been repopulated: <https://goo.gl/sUCR5v>

Simply go to the link, enter an address for the #WoolseyFire area in the search field, and press enter. You can then scroll out on the map to determine if the indicated area has a red or green background. Red indicates the area is still closed and unsafe to return. Green indicates the area is open for repopulation. In addition to the map, a written description of the areas to be opened is provided above.

The Fire Incident Command continues to monitor the active fire areas, as well as those areas remaining closed due to critical infrastructure concerns or safety hazards. Any future information pertaining to safety conditions and repopulation will be updated at the following link: www.LACounty.gov/WoolseyFire/

The Los Angeles County Sheriff's Department has a strong presence in the repopulated and evacuated areas for the next several days to ensure the protection of our residents

and their property. All other road closures and evacuated areas for the #WoolseyFire remain in effect.

Media Accessibility for People with Disabilities, and Others with Access and Functional Needs

Federal Communication Commission rules under Section 255 of the Communications Act require telecommunications service providers to make their products and services accessible to people with disabilities, if such access is readily achievable. Where access is not readily achievable, service providers must make their devices and services compatible with peripheral devices and specialized customer premises equipment that are commonly used by people with disabilities, if such compatibility is readily available.
